Activity	Details	What to expect
Early works	• Soil remediation, tree removals and preparing the ground for construction. • Building retaining walls to support the land and keep it stable.	• The site will be safely fenced off at all times. • Contractors in hi-vis and protective clothing will be operating heavy machinery, such as loaders and excavators. • Local traffic changes, including heavy trucks entering and leaving the area. • We'll take steps to reduce noise and dust as much as we can.

Who is doing the works?

Homes Victoria has engaged specialist Winslow Constructor Pty Ltd to undertake the works.

Will there be any impact on me or my family?

Our contractor will use control measures to reduce impacts to neighbours as much as possible.

To maintain safety, access to each site will be restricted to professional contractors only.

When will construction of the new homes start?
