

BIG HOUSING BUILD

Pound Road, Colac

Works Notice

Footpath closure: Pound Road service works

Date in effect: From Monday 13 July until late 2026

As part of the Big Housing Build, Homes Victoria is building more and better homes at Pound Road, Colac. We started preparing the site for the much-needed new homes in May 2026.

We now need to close the footpath in front of the site on the north side of Pound Road to allow for critical service works. There is no footpath on the south side of Pound Road.

Pedestrians are advised to follow detours while we establish alternative pedestrian options.

What we are doing

We need to close the footpath in front of the site for sewer, stormwater drainage and electrical works to ensure the new homes will be connected to essential services such as power and water.

We are exploring options for safe pedestrian access along Pound Road and we will advise the community when this is available.

When to expect us

The Pound Road footpath will be closed from 13 July 2026. We expect the footpath to be **re-opened late 2026** when site preparation works are complete.

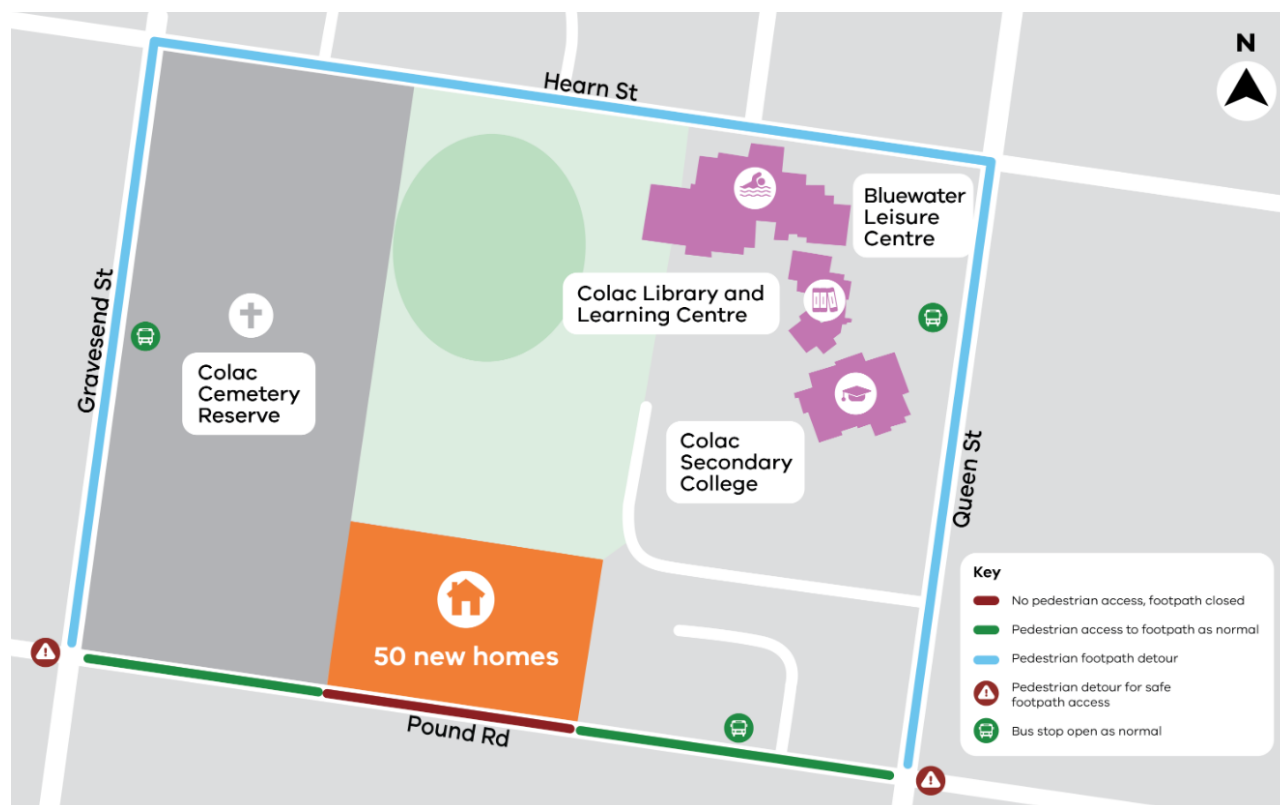

What to expect

The footpath will be closed to pedestrians in front of the project site on Pound Road. Pedestrians should follow detour signs for safe footpath access to their destination.

Footpath access for pedestrians along Pound Road on each side of the site boundaries will be maintained. This ensures pedestrian access to homes and the Colac Cemetery.

Next steps

We are exploring options for safe pedestrian access along Pound Road and we will advise the community when this is available. Until then pedestrians should follow detour signs for safe footpath access and plan for additional travel time to reach their destination.

Public transport

The bus stop at 108 Pound Road will continue to operate as normal during these works.

Who is doing the works

Homes Victoria has engaged a civil works contractor to undertake these works.

Thanks for your patience

Thank you for your patience while we undertake these critical works.
