

Ormond Road, East Geelong

Project fact sheet

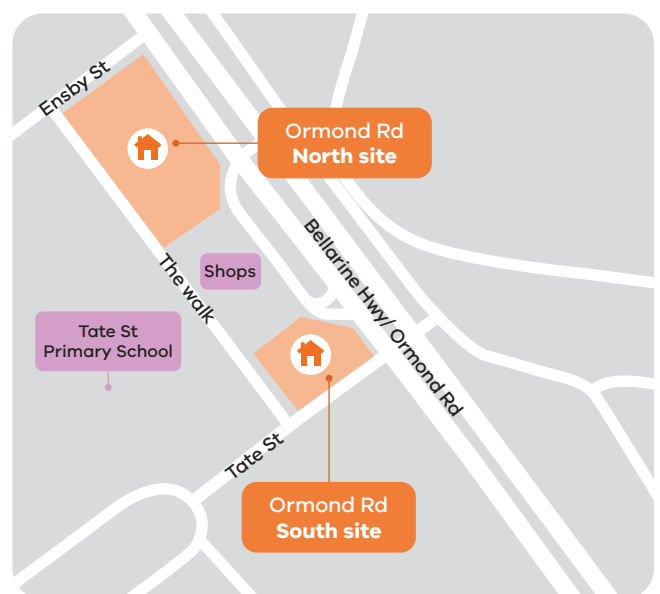

Artist impression

We have delivered 54 new social housing homes on Ormond Road in East Geelong, giving more Victorians a safe and secure place to call home.

The new homes are modern, accessible and energy efficient. They replace 18 ageing homes that were not fit for purpose. This is an uplift of 36 homes – triple the amount of social housing at Ormond Road.

The project will better meet the needs of residents, with easy access to schools, medical services, employment, transport and other amenities.

Construction of the new homes was completed in June 2026.
