More options for renters at Simmons Street coming soon

The site is designed to support a well connected community and promote community safety.

The tenancy manager will have an office on site so they are easy to reach.

There will be multi-purpose community spaces and other mixed-use spaces to support residents.

The site will be beautifully landscaped, with wide footpaths to help residents move around step free and shared spaces to sit and relax outside. All outdoor spaces will be designed for good visibility and well-lit for night-time safety.

As well as accessible drop-off and pick-up zones, there will be secure car parking and bike storage.
